

ICESTARS SYNCHRONIZED SKATING TEAMS CONTRACT

Cutting Edge IceStars Synchronized Skating Teams Cutting Edge Figure Skating Club, Ltd.

Skating on a competitive synchronized skating team requires you to make a personal commitment to the team and its members, as well as to your individual skating. A team can only function as a unit with all of its members working together to achieve success. One person's lack of commitment can hinder that unit. Synchronized skating can be very rewarding, as you will meet new people and travel to different cities. You will have an opportunity to share your love for the sport with your teammates and that can be an amazing experience. However, this success will not come without dedication, hard work, self-discipline, and perseverance. The commitment that you have in bettering your individual skating, the dedication you have to your teammates and coaches, and the work you put into practices will indeed set you on the road to success. We welcome you to our synchronized skating Program and wish you a year full of successful opportunities and learning experiences.

ELIGIBILITY

All skaters on Beginner 2 and Pre-Juvenile teams must be members of Cutting Edge Figure Skating Club and United States Figure Skating (USFS). All dues are included in your synchro fees. Beginner 1 team skaters must be members of the US Basic Skills Program through IcePlex; however, they are also welcome to join Cutting Edge if they wish to test. If a skater is a current member in good standing of another registered U.S. Figure Skating club, they can satisfy this requirement by joining Cutting Edge FSC as an Associate member.

Skaters are encouraged to take USFS moves in the field classes and tests. There are several opportunities available to our skaters for learning moves in the field. Some moves will be taught during ice practice. IcePlex's Basic Skills Learn-to-Skate Program will also offer Pre-Preliminary and Preliminary group classes. By the time a skater begins working on her/his Pre Juvenile moves test, s/he should be securing the services of a private coach trained in moves in the field.

The minimum moves in the field requirements for US synchro team levels are listed below, but skaters are encouraged to continue to test additional levels throughout the season so they can be ready to move up with their team next year.

- | | |
|----------------------|---|
| Beginner 1: | No moves in the field requirement |
| Beginner 2: | Should be starting Pre-Preliminary moves in the field lessons |
| Pre-Juvenile: | Should be working on Pre-Preliminary and/or Preliminary moves tests |

PRACTICE

Practice is a critical part of a successful team skating season; therefore, it is very important that team members attend all floor and ice practices. IceStars' skaters, coaches, and parents/guardians are asked to adhere to and support the following:

- Attendance is required at all practices (please see enclosed practice schedule).
- Skaters need to report to their assigned locker room at least 10 minutes before the scheduled practice time.
- While we expect all team skaters to attend every practice, we do understand that sometimes an absence is unavoidable. In the event your skater must miss a practice, please:
 - Contact the team coach as far in advance as possible and/or
 - Notify IcePlex Guest Services at least 30 minutes prior to practice. Please indicate the skater's name and team. IcePlex Guest Services can be reached at 262-925-6755.
- If a skater is tardy (more than 5 minutes late) or misses the practice prior to a competition, s/he may be ineligible to participate in that competition.
- On occasion, additional practices may be necessary. The coaches will make every effort to provide a two week notice, but attendance at additional practice(s) will still be required for all skaters.

ATTENDANCE

In an effort to minimize the number of missed practices and/or competitions, the following attendance guidelines will be adhered to by skaters, coaches, and parents:

- Please arrange absences in advance whenever possible.
- Coaches will take attendance at the beginning of each practice.
- Skater is allowed no more than ten (10) absences per season.
- The absences will be counted as follows:
 - Missed practice = 1 absence.
 - Missed competition, exhibition, = 2 absences.
 - Tardy to practice or competition = .33 absence.
 - 3 tardies = 1 absence
 - Unable to attend 50% of the scheduled practice = .50 absence
 - Missed practice prior to a competition = 1 absence
 - And the skater will be ineligible to participate in that competition.
 - Missed practice due to injury = .5
 - Missed practice due to injury or illness with a doctor's excuse = 0

On the date of the eleventh (11th) absence, the skater will become an alternate. An alternate skater is still required to attend all practices, but may not be allowed to skate at competitions or exhibitions. If the skater's attendance improves, s/he may be allowed to skate in competitions/exhibitions. If the skater's attendance does not improve, s/he may be dismissed from the team. Final determination will be made by the coaches and Cutting Edge Figure Skating Club Board. Please refer to the **Season Fee Schedule and Financial Agreement** for further information.

Please Note: The Synchronized Skating Director and/or the Cutting Edge Board may excuse an absence under extenuating circumstances including but not limited to funerals and/or

hospitalizations.

BEHAVIORAL EXPECTATIONS

Progress can only be made in a safe, cooperative, and respectful environment. To ensure such an environment, all team skaters are expected to follow the coaches' instructions and treat their teammates and coaches with respect. If the coach has a behavioral issue with a skater(s) during practice, it will be addressed in the following manner:

1st occurrence: Coach will give a verbal warning to the skater.

2nd and 3rd occurrences: The skater will be given a time out on the bench.

4th occurrence: The skater will be asked to leave the ice without refund. The coaches will discuss their concerns with parent/guardian.

5th and subsequent occurrences: The skater will be removed from the practice without refund. In addition, the Team Coach will discuss her concerns with the Synchronized Skating Director and the Cutting Edge Figure Skating Board to jointly recommend further disciplinary action.

DISCIPLINARY PROCEDURES

A skater can receive written warnings for violation of any section of this contract. If behavioral expectations are still not met, the Synchronized Skating Director will conduct a meeting with the skater, parent, coach, and team manager to explain the circumstances and discuss options. The skater may face the possibility of termination from the team for repeated violations. The following procedure will be implemented when warning or terminating a skater from the team.

- A. **1st Offense** - Skater will be given a written warning to be signed by skater and parent/guardian and returned to the coach.
- B. **2nd Offense** - Skater will receive second written warning during a coach/skater/parent/team manager conference.
- C. **3rd Offense** - Termination from team.

CELL PHONES

Cutting Edge appreciates that many parents have purchased cell phones for their skaters as a way to keep their children safe and respects the parental rights and obligations in this regard. However, since cell phones can be distracting to skaters and their teammates, cell phones are not permitted rink side during practices or competitions.

PERFORMANCE EXPECTATIONS

A skater's performance must be acceptable to the Team Coach for the skater to be eligible to participate in competitions/exhibitions. The following procedure will be used if the skater is not performing at an acceptable level:

- A synchro coach will work with the skater during practice and then discuss her concerns with parent/guardian. The coach will reevaluate the skater's performance during subsequent practice(s).
- If skater needs additional instruction, a synchro coach will discuss areas that need improvement with the skater's private coach. If the skater does not have a private coach, one of the IceStars coaches may offer to work privately with the skater (Ice time and coaching fees would apply).

- A synchro coach will discuss expectations with the skater, the parent/guardian, and the skater's private coach to determine how/if performance can be improved.
- Final determination of the skater's eligibility will be reviewed by the CEFSC Board.

APPEARANCE EXPECTATIONS

For the safety of all team skaters and to facilitate the coaches' ability to evaluate the skaters' footwork, all team skaters are expected to adhere to the following appearance expectations:

- Wear team practice apparel and tights
- Tie hair back (ensure bangs are secured off face, out of eyes)
- Clip nails (Long and/or sharp nails can injure other skaters)
- Remove any jackets or gloves after warm up
- Skaters may not wear jewelry *of any kind* for practice or competition and may not wear colored nail polish for competition. NOTE: Medical alert necklaces (no bracelets, if possible) will be allowed. Please tuck into costume.

- **1st occurrence:** Coach will give a verbal warning to the skater.
- **2nd occurrence:** The coach will discuss their concerns with parent/guardian.
- **3rd and subsequent consecutive occurrences:** The skater will be charged \$10 per occurrence.

POWER/EDGE CLASS

We have incorporated additional ice time for each team throughout the season to be used for power, edge (moves in the field), and/or competition prep at the coaches' discretion. Therefore, we will not be requiring skaters to take any additional power classes.

COMPETITIONS

The Synchronized Skating Director will determine the competition schedule based on the best interest of the entire program. It is very important to understand that each team is part of a synchronized skating program that involves several other teams.
